

# BRIEF CITY NEWS

**Preparing to Build**—The First National Bank is preparing as rapidly as possible to build the handsome new structure in which it will have its home some time this year on the site of the building it now occupies.

**Pneumonia Season**—A good many cases of pneumonia are reported in the city by physicians. The latter say the season is now at hand for this trouble, and that too much care cannot be taken in avoiding exposure. It is said that the number of cases now under treatment in the city is not as large as usual at this time of the year.

**A Novelty**—The big flag which has been floating over the new branch county jail for more than a week provides a novelty. Most every other kind of public structure looks familiar with the national colors floating from the mast head, but a jail so honored is not a customary sight. Comment on the matter by the public this week inclines to the opinion that it is as inappropriate as unusual.

**Grip Epidemic**—Grip, in acute form, is going the rounds of the city. Sufferers are attacked with headaches and severe pains throughout the body, accompanied by annoying coughs and an excessive demand for handkerchiefs. The form the affliction is taking this season is said to be the most severe that has prevailed in some years. Many of the sufferers have been compelled this week to take to bed.

**Special Officer on Duty**—In the absence of Marshal Snodgrass from the city, on a trip of inspection to the Mammoth oil field country, Special Officer Thompson is handling the night turn for Officer Wilmoth. The latter is filling the marshal's place on day service. Special Officer Thompson has accomplished good work on his shift, having to his credit among other things the capture Wednesday night of one of the burglars who broke into the Snyder store.

**Wants His Brother**—R. C. Kearns, of Galveston, Texas, writes to the city for information concerning his brother, Arthur Kearns, who he says has been missing for a year. The Galveston man concludes his letter with a pathetic appeal to his brother to come home because of the critical illness of an aged mother, who it is not believed can survive much longer. The missing man is said by his brother to have last been heard from in this city, he writing home that he had employment in a mine here.

**SPECIAL ATTENTION** to the washing of blankets, comforts and woollens by the Warren Steam Laundry.

**THE CLOTHES** That make the man are made by Blunt, the Tailor, back of Fire House.

In consequence the meats offered are of the best quality. Try Bauer's meats.
